Spot-Pro Nozzle
For Sealing Exposed Fasteners On Metal Roof Panels

New Product

Seal Screw Heads on Metal Roofs the Easy Way with the Spot-Pro Nozzle

• Extension nozzle saves your back: No bending over to seal each screw head
• Spring loaded valve is activated by pressing down on screw
• Integrated Check-Valve: Consistently applies the same amount of sealant to each screw head with no drip
• Dispense Bulk, Sausage Packs or 10oz Cartridge sealants
• Disassembles for cleaning
