SQUARE BEAD NOZZLES

FEATURES:

- Lays down a flat bead. Less tooling!
- Applies the right amount of material. Less waste!
- Easily turns the corner from vertical to horizontal without stopping. Goes down faster!
- Square nozzle seats itself reliably in the center of the joint.
- Bright, fluorescent color makes it easy to see sealant as it is being applied.

APPLICATIONS:

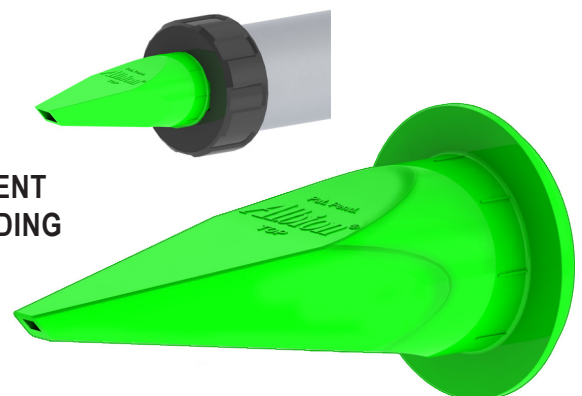

- Fillet joints, Cove joints and other 45° angles that require a flat bead
- Horizontal joints that will be finished flat
- Ideal for glazing between glass and metal frames and smooth stone
