B12B10

20OZ
B12B20

20OZ - ALBION'S CHOICE

B12S20 (12:1 Drive)

- Standard output for standard material and nozzles.
- Aluminum barrel, rotating swivel handle and double gripping plates.
- Can be converted to dispense bulk or 10oz /12oz cartridges with parts included.
- Now available with Color Barrels.

Includes: 6 nozzles, 2 sausage pistons, Hytrel® bulk piston, and steel ladder hook pull.

New Color Barrels

20OZ - MANUAL

- Aluminum barrel, rotating swivel handle and double gripping plates.
- Can be converted to dispense bulk or 10oz /12oz cartridges with parts included.
- **Includes:** 6 nozzles, 2 sausage pistons, Hytrel® bulk piston, and steel ladder hook pull.

B8S20 (8:1 Drive)

NEW! LOW THRUST

- Low thrust for Low Viscosity / Thin materials only.
- Puts out more material per pump, fewer pumps per sausage pack!

B18S20 (18:1 Drive)

HIGH THRUST

- High thrust for thick material.

B26S20 (26:1 Drive)

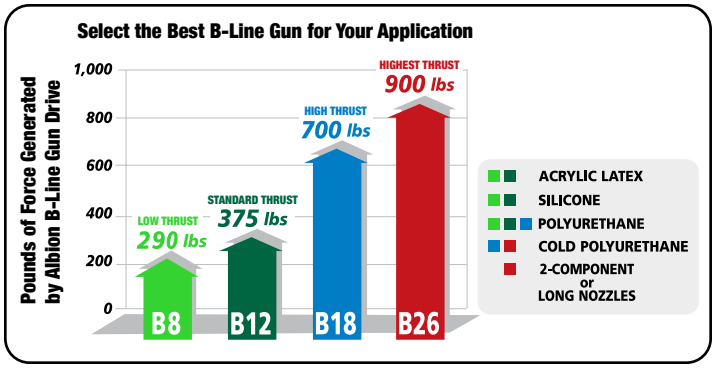
HIGHEST THRUST

- Highest thrust for thick material, cold weather dispensing and long nozzles.

20OZ - CORDLESS

E12S20 (400 Lb_f)

- **New** White barrel and reinforced caps.
- Dispenses up to 40 sausage packs on a single charge.
- 30% lighter than our comparable 18V models.
- Variable speed trigger with max. speed dial and auto reverse for no-drip.
- **Includes:** 6 nozzles, 2 sausage pistons, 12V battery and charger.



20OZ

DL-45-T14 (375 Lb_f)

Now Includes Metal Nozzle & Adapter!

- Our most durable 20oz sausage pack dispensing gun. Also capable of dispensing 10oz and 13oz sausages.
- Durable steel barrel, rotating swivel handle and double gripping plates.
- Assembled with #21-20 Teflon® piston for Sausage or Bulk dispensing.

B-LINE LINE CARTRIDGE GUNS

10 OZ | 30 OZ

1/10 GALLON - ALBION'S CHOICE

B12 (12:1 Drive)

- Standard output for standard material and nozzles.
- Slotted front cap for easy loading.
- Built-in cartridge puncture wire and ladder hook pull.

QUART

B12Q

1/10 GALLON

B1 (7:1 Drive)

- For thin to standard material.
- Smooth, consistent, drip-free application.
- Built-in cartridge puncture wire and ladder hook pull.

B18 (18:1 Drive)

- High thrust for thick material.
- Slotted front cap for easy loading.
- Built-in ladder hook pull.

1/10 GALLON - HIGHEST THRUST

B26 (26:1 Drive)

- Highest thrust for thick material, cold weather dispensing and long nozzles.
- Slotted front cap for easy loading.
- Built-in cartridge puncture wire and ladder hook pull.

QUART

B26Q

1/10 GALLON - CORDLESS

E12 (400 lb_f)

- Dispenses up to 40 10oz cartridges on a single charge.
- 30% lighter than our comparable 18V models.
- Variable speed trigger with max. speed dial and auto reverse for no-drip.
- **Includes:** 12V battery and charger.

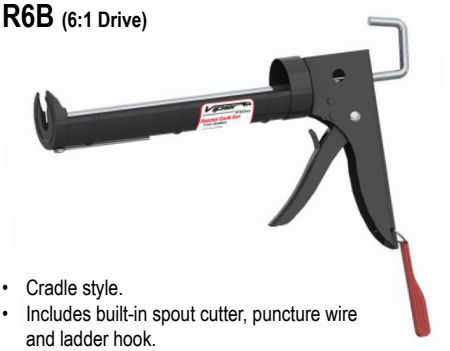
VIPER LINE CARTRIDGE GUNS

1/10 GALLON

R5 (5:1 Drive)

- Cradle style.
- Includes built-in spout cutter and puncture wire.

R6B (6:1 Drive)



- Cradle style.
- Includes built-in spout cutter, puncture wire and ladder hook.

H10 (10:1 Drive)

- Skeleton style.
- Includes built-in spout cutter, puncture wire, ladder hook and thumb release.

H10D (10:1 Drive)

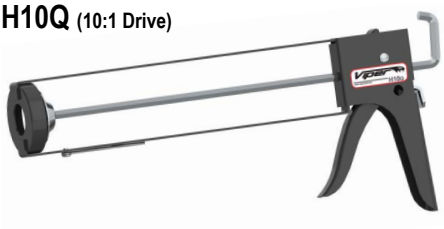
- Skeleton style. No Drip.
- Includes built-in spout cutter, puncture wire and ladder hook.

H10XD (10:1 Drive)

- Cradle style. No Drip.
- Includes built-in spout cutter, puncture wire and ladder hook.

QUART

H10Q (10:1 Drive)

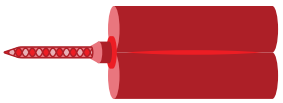


- Skeleton style.
- Includes built-in spout cutter, puncture wire, ladder hook and thumb release.

R6BQ (6:1 Drive)

- Cradle style.
- Includes built-in spout cutter, puncture wire and ladder hook.

MULTI-COMPONENT CARTRIDGE GUNS

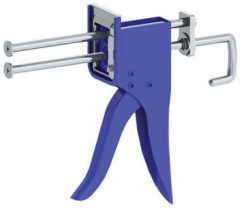


50ML

S12T50i (325 Lb_f)

- Dispenses twin 50ml (1:1) and (2:1) cartridges with square flange base.
- Steel trigger and handle.

R6T50i (180 Lb_f)



- Dispenses twin 50ml (1:1) and (2:1) cartridges with square flange base.
- All steel construction.

871-1 (140 Lb_f)

- Dispenses twin 50ml (1:1) and (2:1) cartridges.
- Composite ratchet gun.
- Also available in (4:1) and (10:1) mix ratio.

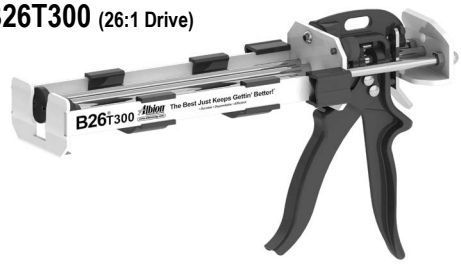
200ML

B26T200 (26:1 Drive)

- Dispenses twin 200ml (1:1) and (2:1) cartridges.
- For dispensing epoxies and adhesives.
- Also available in (4:1) and (10:1) mix ratio, as well as in 18:1 drive.

300ML

B26T300 (26:1 Drive)



- Dispenses twin 150 x 150ml (1:1) and 150 x 75ml (2:1) cartridges.
- For dispensing epoxies and adhesives.

380ML COAXIAL 4:1

B26C380X4 (26:1 Drive)

- Dispenses 380ml (4:1) and (5:1) Compact Coaxial Cartridges.
- Designed to dispense 3M FIP 1-Step Fire Barrier Rated Foam

Static Mixer

NEW! SPOT-PRO SYSTEM

B12B30SP (12:1 Drive)

- 30oz B-Line Bulk Dispenser + Extension Nozzle for sealing exposed metal roofing/siding fasteners.
- Extension nozzle saves your back: No bending over.
- Spring loaded valve is activated by pressing down on screw head to apply consistent dab of sealant.
- No drip. Disassembles for cleaning.
- Dispenses bulk material, sausage packs or 10oz cartridges.
- **Includes:** 12" check-valve extension nozzle, combination bulk/sausage/cartridge dispenser, 3 orange cone nozzles and ring cap, jumbo front cap for check-value nozzle, Hytrel® piston for bulk and sausage use, and cartridge ejector for 10oz cartridges.

NEW! MORTAR & GROUT GUN

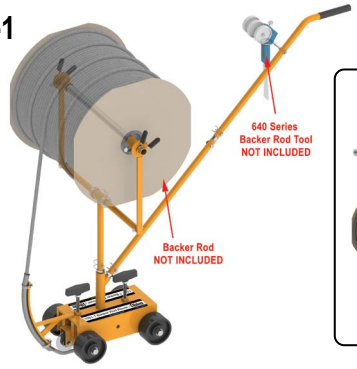
B12MG (12:1 Drive)

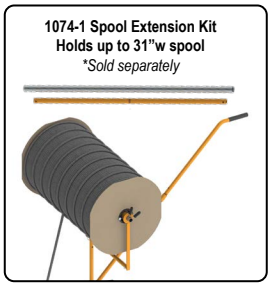
Ideal for brick and stone pointing

- B-Line 30oz/Quart Capacity Mortar Gun with smooth and efficient 12:1 ratio drive.
- No mess brick and stone pointing .
- Quickly load and dispense mortar or grout.
- Convenient rotating carriage for pointing around corners.
- Easily disassembles for cleaning and storage.
- Plunger is adjustable.
- **Includes:** barrel, mortar nozzle, grout nozzle and mixer.

ROVER BACKER ROD INSTALLER

1051-1



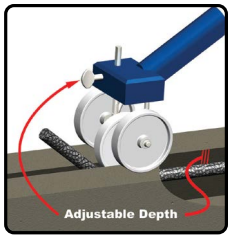


- Quickly sets polyethylene foam backer rod in horizontal saw cut and expansion joints directly from a spool. Walk it in!
- For joints from 1/8" to 1/2" wide (1/8" - 5/8" rod).
- Unit ships with 1/8" (0.080") and 3/8" wide insertion wheels.
  - 1/4" and 1/2" wide insertion wheels sold seperately (p/n 1062).
- Insertion depth is adjustable from 0" - 3/4".
- Sturdy all-steel construction. Packaged in a durable storage case.
- Holds spools up to 17" wide.
  - 31" wide Spool Extension Kit sold separately (p/n 1074-1).

BACKER ROD INSERTION TOOL

640-4

Epoxy reinforced handle.



- Fully adjustable to place the backer rod at any depth.
- Includes 4 insertion wheels (1/8", 1/4", 3/8" and 1/2" wide)
- Accepts standard painter's extension pole or broom handle.

NEW! ALUMINUM WHEELS

1/8" 640-G21 | 1/4" 640-G22 | 3/8" 640-G23 | 1/2" 640-G24

- Durable aluminum replacement wheels to use on masonry and concrete sold separately.
- For 2" deep saw joints use the 640-G20 aluminum insertion wheel.

DELAMINATION DETECTION

875-1

- Delamination Detection Tool (DDT).
- Sounds out invisible delaminations, voids and hollows below the surface of concrete, tile and natural stones.
- Accepts standard painter's pole **876-1 (4'-8' pole)** or **876-2 (6' - 12' pole)**

CAULK TOOLING SPATULAS

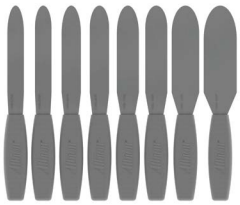
958-G01

- 7-Piece Streamline Spatula Set
- Premium grade stainless steel.
- Ground and tapered for optimum flex.
- Spatula tip widths from 3/8" to 1-1/2".

922-G01

- 6-Piece C.A.T. Spatula Set
- Premium grade stainless steel.
- Elliptical spline radius tip.
- Spatula tip widths from 5/8" to 1-1/2".

1058-G01



- 8-Piece Plastic C.A.T. Spatula Set
- Chemical-resistant, non-marking.
- Elliptical spline radius tip.
- Spatula tip widths from 3/4" to 1-1/2".

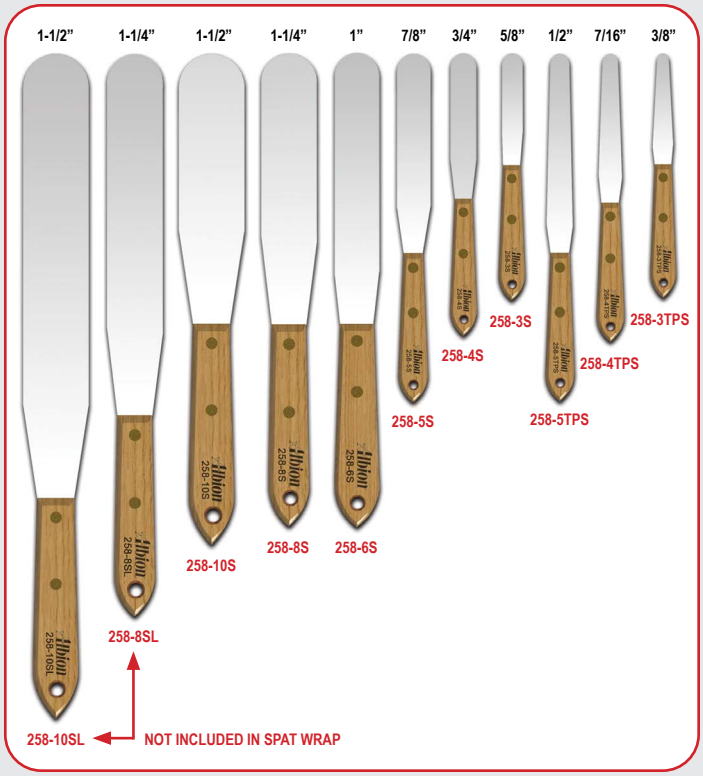
NEW! 1258-G01

- 7-Piece Classic Offset Spatula Set
- Protect knuckles on deep and rough substrate joints.
- Improved visibility while tooling.
- Spatula tip widths from 3/8" to 1-1/2".

CLASSIC CAULK TOOLING SPATULAS - ALBION'S CHOICE

258-G01 (with durable nylon tool wrap)

- Includes 9 classic hardwood handle caulk spatulas.
- Premium grade stainless steel blades.
- Spatula tip widths from 3/8" to 1-1/2".
- Spatulas also sold separately.



258-33718

- Bucket Scraper
- Stainless steel construction.
- 2" wide x 8" long

METAL NOZZLES

32 Series Steel Nozzles

- 32 series has over 75 nozzle variations.
- For working on masonry and abrasive surfaces.
- From left to right: 32-55 (1/2" metal nozzle), 32-38 (7/8" bevel end nozzle), 32-49 (3/16" metal nozzle).
- For DL guns use with 966-1 adapter. For B-Line guns use 966-2 adapter.

32 Series Bendable Nozzles

- 3/8" metal nozzles can be bent to desired shape and cut to length.
- Allows you to reach difficult locations.
- From left to right: 32-113 (18"), 32-114 (24") and 32-112 (12").
- For DL guns use with 966-1 adapter. For B-Line guns use 966-2 adapter.

PLASTIC NOZZLES

SPECIAL DELUXE BULK & SAUSAGE (with 421-G01 front cap)

235-3

- Orange Cone Nozzle

935-3

- Bent Cone Nozzle
- 45 degree angle

NEW! 1135-3

Patent Pending

- Square Bead Nozzle
- Lays a square bead

CARTRIDGE

935-1

- Angle Shot Nozzle
- Bent at 45 degree angle

1018-G01

- Ribbon Bead Nozzle
- 1/8” Ribbon 2”- 4” wide

B-LINE SAUSAGE (with 873-5 black front cap)

873-2

- Clear Narrow Nozzle

873-3

- Black Cone Nozzle

935-4

- Bent Cone Nozzle
- 45 degree angle

NEW! 1135-4

Patent Pending

- Square Bead Nozzle
- Lays a square bead

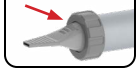
ALL SPECIAL DELUXE & B-LINE

1018-G01

- Ribbon Bead Nozzle
- 1/8” Ribbon 2”- 4” wide

NEW! 1117-2

*For B-Line Sausage Guns substitute with **868-1** front cap.*



- Ribbon Bead Nozzle
- 1/8” Ribbon 5/8” - 1-1/2” wide

NEW! 966-1

- Nozzle adapter for most 32- series metal nozzles.
- Now included with select Special Deluxe Line tools
- Use with #421-G01 standard 2” ring cap on 2” dia., Special Deluxe and B-Line, bulk gun barrels.

NEW! 966-2

- Nozzle adapter for most 32- series metal nozzles.
- For use with #873-5 standard 2” ring cap on 2” dia. B-Line sausage gun barrels.

47-7

- Piston Replacement Kit for 2” diameter Special Deluxe Line tools, bulk style, leather.

33-10 Loading Sleeve

- Minimizes mess and improves bulk loading process.
- Keeps barrel clean while loading.
- For use with 2” diameter barrels.
- Fits Special Deluxe Line and B-Line bulk guns.

NEW! Slip-On Follow Plates

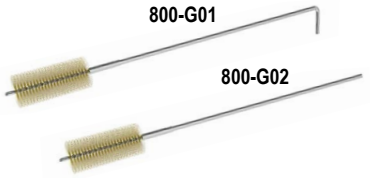
- Quick push-on, pull-off seal feature.
- Minimizes mess and improves bulk loading process.
- 504-G15 for 5 gal pail and 504-G16 for 2 gal pails.
- Fits 2” dia. Special Deluxe Line and B-Line bulk guns.

Ladder Hook Pulls

- Best for bulk Loading.
- Fits Special Deluxe Line and B-Line bulk guns.

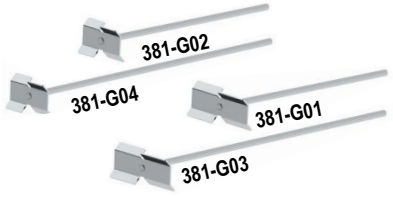
---

800 Series Barrel Brushes



- Brass bristle brush cleans inside of 2” diameter steel barrels.
- Use with Special Deluxe Line Tools only.
- 800-G02 can be used with a Drill.

381 Series Catalyst Mixers



- For 2 gal pail use (4” wide blade) 381-G02 (18”L) or 381-G04 (28”L) stand-up model.
- For 5 gal pail use (6” wide blade) 381-G01 (18”L) or 381-G03 (28”L) stand-up model.

816 Series Caulk Knives

- All steel construction with padded handle for comfort.
- Holds standard utility blade (not included).
- Lengths: 12” (816-G01), 18” (816-G02), and 24” (816-G03).
